

# SUMMER CRUSH

## INGREDIENTS

Half a medium watermelon

Juice of 2 lemons

60ml gin, or more

2 cups crushed ice, or more

Generous handful of fresh mint

Lemon slices, to serve

Cut the watermelon into chunks and remove the seeds. Place in a blender with the lemon juice and gin and blend for one minute.

Pour into a big jug or pitcher. Gently rub the mint between your hands to release the aromatics and add to the crush with lots of crushed ice and sliced lemon.

### Tips:

- Rum or vodka will also work well.
- For a touch of sparkle you can add soda water.
- For added sweetness you can add lemonade.

Makes approximately 1 litre
